PROGRAM
ASSISTANTS
(training course)

Our team

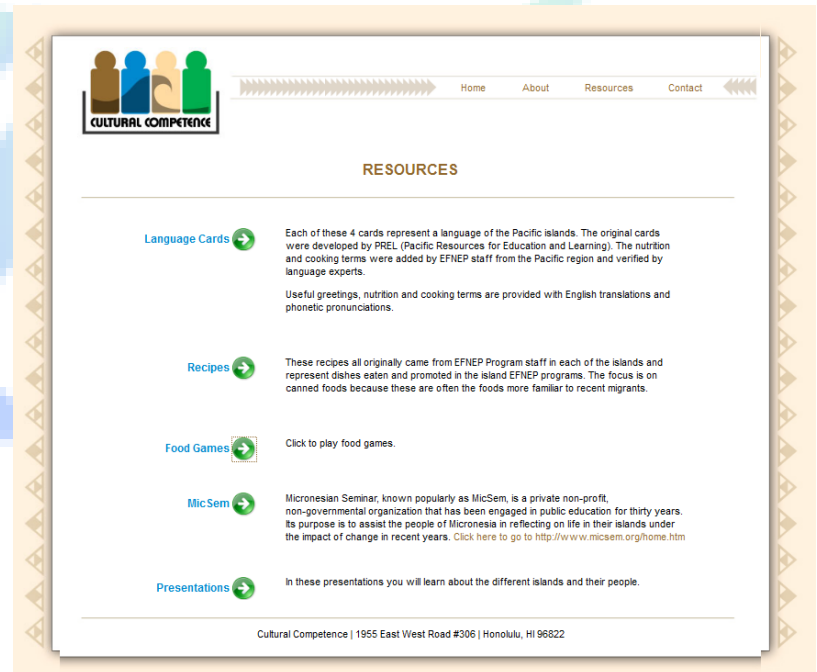

Our Process

- Participants selected by Land Grant Directors in 2010
- Initial Workshop in 2011 in Hawaii: working collaboratively we developed a training outline
- Identified information that the team felt Program Assistants working with Pacific Islander populations would need in order to be more effective
- Initiated work on some of the components of the training
- Want to have some content freely available and some as part of a structured course of self-study

Components – already available

- Narrated presentations about each jurisdiction
- Food Games (Which part can you eat? & Matching game)
- Island Recipes
- Language Cards

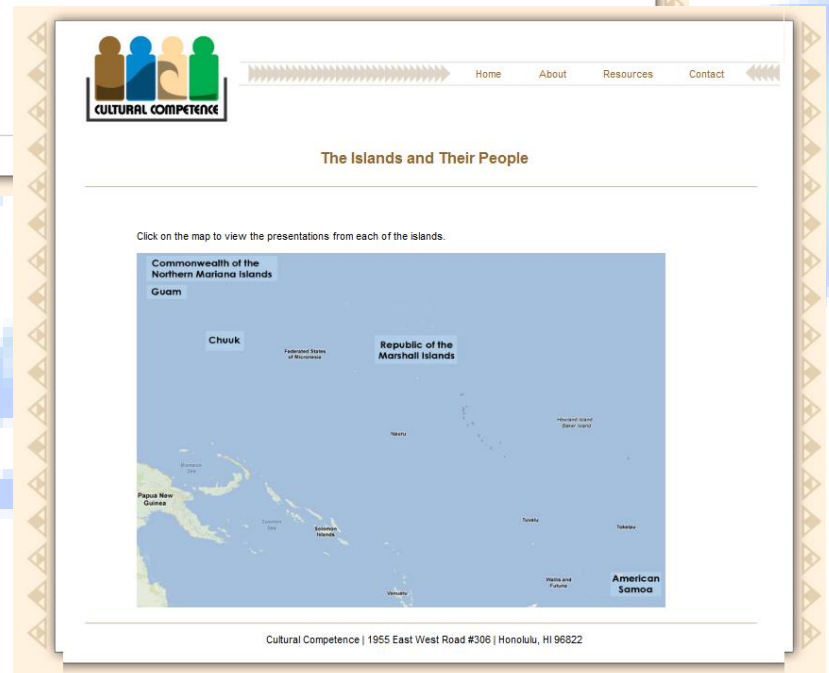

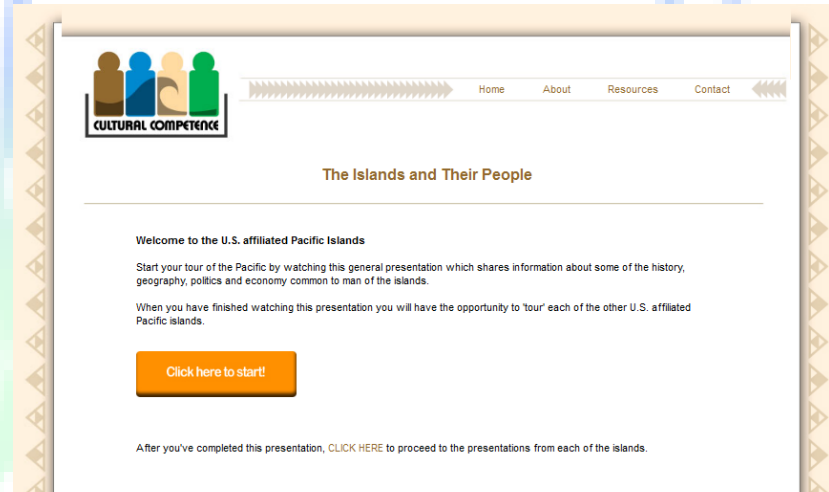

Language Cards

- Hello
- Thank You
- Goodbye

English	CHUUKESÉ	Sounds like. . .

Food Games

Which part(s) can you eat?

Select one or more options for each of the parts you think are edible. When you have made your selection click 'next' to see whether or not your answer is correct. If you need to 'Try Again' select the 'Clear' button.

Taro:

- ☐ A) Leaf
- ☐ B) Stem
- ☐ C) Root (tuber)

Match the Island Staple

Components – under development

- Language pronunciation – audio files to go with the Language Cards
- Community Demographics – using Census Data to identify Pacific Islander populations in your area
- Cultural norms around Behavior, Family and Food
- Culturally Appropriate behavior when working with these communities (including a video)
- Pre and post training inventory
- Better design for training course
