Impact Report Infographic Guide to Data

	Infographic Statistic	WebNEERS Report	Section and Location
Adult	Participant Total	Adult Summary	Section 1a
	Total family member reach	Adult Summary	Section 1c
	% adults improved in Food Resource Management, Nutrition, & Food Safety practices	Adult Checklist Summary	Section IV- Proportion of participants who improved in one or more in each cluster (first % listed for each cluster)
	% adults increased their daily physical activity	Adult Diet Summary	Section F- Percent with positive change in Physical Activity
	% adults ate more fruits or vegetables	Adult Diet Summary	Section I.A.3 and 4- Percent with Positive Change at Exit
Youth*	Total Youth	Youth Summary	Section 2a- Total
	% Improved in Diet Quality, Physical Activity, & Food Safety	Youth Checklist Summary	Section V- Proportion reported for each cluster

*If you state does not work with youth you are able to use the “youth” section to report additional adult outcomes or as a place to share programmatic information (delivery sites, success stories, etc.)

This Impact Report infographic template was created in such a way that you can choose the data the best represents your state’s impacts. Feel free to customize and modify the statistics you share as you are not limited to what we have suggested. You are also encouraged to adjust images and colors in order to brand the report to your institution.
